ABOUT US

SPORTING GOODS

NEMO ASIA LIMITED

AN EXPERIENCED BUSINESS PARTNER TO CONSIDER

Hong Kong based "NEMO ASIA" and its RPC Shanghai based subsidiary "NGM IMP & EXP CO. LTD", are both part of a larger French leading distribution holding, "Groupe NEMO", which established in fishing tackle business 35 years ago, and still supplying wide ranges of leisure, sports, outdoor and footwear products to supermarkets and retail stores.

Our experience in engineering, sourcing, developing and quality control, based on western mass market and retail stores demand makes the real difference between our organization and most of other "pure" trading companies.

BEST OF BOTH WORLDS: Choosing Nemo Asia means to get "target market" oriented expertise, quality standards, merchandising solutions, together with quick actions in workshops thanks to our local team. Experience and constantly increasing purchasing volumes with our long terms partner factories granting the best prices and production leadtimes.

AN ALLY FACING THE GLOBAL PANDEMIC: we recently increased our services apart from our export goods activities to meet our customers' demand. Facing travel restrictions, over booked production capacities, lack of new items options, NEMO ASIA is glad to offer a full range of services on demand such as sourcing, product tooling development, factory audit and stocking.

HISTORICAL PARTNER BRANDS >

NEMO ASIA LIMITED

OUR MAIN & HISTORICAL PARTNER BRANDS

NEMO Group, BSCI member, produces under licenses, distributes icon brands, and built long terms relationships thanks to a strictly respect of factory audits, graphic identities, quality control, what allows us to always renew our licensing agreements & co branding promotions for sporting events with famous chain stores or food industry (Carrefour - Coca cola, KFC Yum!,...).

OUR STRENGTHS >

SPORTING GOODS

NEMO ASIA LIMITED

YOUR NEEDS, YOUR EXPECTATIONS
= OUR STRENGHTS, OUR IDENTITY

DEVELOPMENT & MERCHANDISING

From your specifications to the golden samples, with cost breakdown and multiple packaging/ready to sell options, assortments, PDQ.

MANUFACTURING

Among our large and reliable factories network, each product have its specialised workshop, according required quality/price level and leadtimes.

QUALITY CONTROL

Our QC service ensures factories audit and inspections by its own or third part based on specifications/ golden samples, order details and regulatory standards (testings), to be advised on demand according bill of materials and target market.

SUPPLY CHAIN

High resistance packing materials, standarized carton sizes per item, containers and pallet optimization, post production stocking abilities.
